RE: Conservation Chemical

Dear Mr. McPhee:

GULF COAST LABORATORIES, INC. purchased pickle liquor from Conservation Chemicals to be sold as a flocculation aid in wastewater treatment plants.

The pickle liquor was originally supplied in fifty (50) gallon drums that had a return deposit. As your records indicate sixteen (16) empty drums were returned for deposit.

GULF COAST LABORATORIES, INC. did not ship hazardous waste into the site.

GULF COAST LABORATORIES, INC. would like our company removed from the responsible party list for the Conservation Chemical Site.

If you have any questions, please contact our laboratories.

Sincerely,

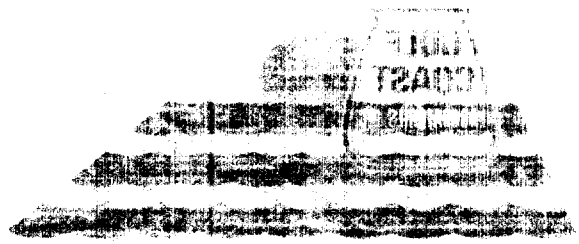

GULF COAST LABORATORIES, INC.
